Brief History of Tennis at BYC

- excerpt from BYC 125 Book

Even though the Club's charters have always contained the requirement to promote and encourage land activities, only tennis has retained full, active partnership with the Club's aquatic sports. Just as there have been ebbs and flows in the boating world so periods of tennis activity have been marked by doldrums and vibrant, exciting times. What appears to remain constant for the tennis player through eighty-six years of Club activity is dedication to the sport, deep affection for the club and fellowship.

1926 David Kirby, with the help of others built a tennis court for his wife Eileen

1927 Two more courts were added, these courts were clay courts

1940 member Don McDairmid, won Canadian Open, Men Singles Title

1948 BYC were NCTA City Champions

1984 Courts converted to Plexi-pave, and night lighting was upgraded

1987 Winter Tennis Tradition started

1980 Free Group Tennis Lessons began
